# PETITION TO THE CITY OF HYATTSVILLE

## Petition Summary & Background Information:

(Please print, attach additional sheets as needed)

This petition is to request a <sup>speed</sup> traffic mitigation measure (such as speed bump or other device) on 41st Place between Decatur Street and Emerson Street.

This section of 41st Place is home to many families with small children. The absence of sidewalks makes the street dangerous to pedestrians. Moreover, 41st Place is frequently used as an alternate route to Crittenden Street/40th Place and stop signs at either end are frequently ignored.
