Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

I want to serve on the Education Advisory Committee and/or the Health, Wellness and Recreation Advisory Committee because I am passionate about educational and health equity and I want to get involved in my city. Education and health are deeply interconnected. Communities thrive when their members are healthy and well. As stated by the United Nations Educational, Scientific and Cultural Organization (UNESCO), "a good quality education is the foundation of health and well-being." I strongly believe in the transformative power of education and I am committed to ensuring that underrepresented communities have access to the quality education, health and opportunities they deserve.
