I am an educational researcher, writer, teacher, and certified EMT first responder. I received my doctorate degree in Educational Leadership, Policy & Administration from Howard University's School of Education, M.A. degree in Education from Trinity University, and B.A. degree in Political Science from Drake University. As a member of the Maryland Response Corps I have committed my time to support the various activities initiated by the Maryland Health Department to address and control the rising number of Covid19 patients in PG County, and meet the nutritional needs of those patients who lost their jobs and are without the means to support their families. I am also an active EMT volunteer (Engine 13 Fire Volunteer squad). As a former human rights commissioner, I recognize the value of citizen advisory committees in advocating and addressing the needs of local communities. All the best, mai
