**Please provide a brief background statement including why you want to serve on a committee. This statement may be posted on the City's website.**

I moved to Hyattsville in 2017 with my family to a townhouse on land that used to be a factory where I ironically worked as a teenager. Like the city, I've come full circle. I've loved my time here, and am passionate about helping Hyattsville become an even better version of itself. I passionately believe by employing strategic design and community centered development we have the potential to enrich Hyattsville by fostering community, spurring development, and encouraging creative investment in its community. I'm passionate about tapping into the resources and spirit of community as well as local partners to create the sustainable community that we want, and that can be a model for others in the area.
