Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

"Be the change you wish to see in the world" Hyattsville is a wonderful community with rich resources however there continue to be safety issues. All residents quality of life would improve if our community was safer. As economic development increases we hope to draw more engaged people to our community. This will only happen if people feel safe and are encouraged to get involved with their neighbors. Some of our best resources are our young people and we should all be invested in creating healthy avenues for them to grow and learn. As a career educator and non profit leader I believe we are stronger when we invest in bringing out the best resources in our community and build relationships.
