Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

I would like to contribute in a meaningful and focused way to shaping Hyattsville's future and ensuring we have a positive impact on people and planet, with equitable benefits for all residents. We have responsive elected officials and dedicated, collaborative staff so I feel the Committees are a worthwhile way to contribute. My Ward, 5, is highly under-represented on committees and I want to help fill that gap. I feel HEC is a good way to apply my relevant experience and interests as I have a) served on a comparable committee in the past (Ashland, OR), b) managed corporate social responsibility programs including resource-use reduction, climate change mitigation, waste-to-landfill reduction and other areas, c) I live a zero-waste lifestyle and really don't make any landfill waste, or even have many recyclables to discard. I practice the principles of refuse, reduce, and reuse...then recycle the little "waste" that's left.
