SUBMITTED BY: Solomon

DEPARTMENT: Legislative	
TITLE: ARPA/FY24 Budget Initiative - Public WIFI	

RECOMMENDATION: I move that the Mayor and Council authorize the installation of the technology infrastructure for the establishment of Hyattsville Public WIFI for inclusion in the FY24 Hyattsville City Budget.
SUMMARY BACKGROUND: At the time of installation of the City Big Belly trash cans, the service provider indicated that there was sufficient space inside of the trash cans to accommodate routers and other devices necessary to support public wifi infrastructure. This request is that we work with our technology consultant to determine the feasibility of using big belly trash cans (or other mediums if necessary) to implement public wifi in public spaces.
