TITLE OF MOTION: Shuttle Bus/Circulator Study Implementation

RECOMMENDATION:

I move that the Mayor and Council allocate the initial funding required for the implementation of the recommendations from the Shuttle Bus/Circulator Study that was conducted by Toole Design in 2018. I further move that Staff works with with the County, the State, DOT and other federal agencies to identify and secure additional fundings to offset the initial costs and to support the ongoing operational costs.

SUMMARY BACKGROUND:

Back in 2018, the City contracted Toole Design to conduct a feasibility study for the operation of a shuttle bus/circulator that would connect the various commercial corridors (West Hyattville, Route 1 and Hyattsville Crossing), as well as University Hills. The findings of the study and presentation made by the contractor are attached.
