Committee Stipend Program - *Members Receive a Stipend of \$40 per Meeting Attended*

Upon appointment to a committee, you are automatically enrolled into the stipend program but in order to receive your payment you must complete and submit a W-9 form. The W-9 form will be emailed to committee members upon confirmation of your appointment.

Please enter your address below.

Many, but not all, of our committees require residency within the incorporated City limits of Hyattsville. To check your residency status, please visit the map: [City Residency Map](#)

Committees that accept applications from individuals residing outside of the incorporated City limits are listed below:

- Education Advisory Committee (at least 50% + 1 of sitting committee members must be residents of the City)
- Educational Facilities Task Force (up to one non-City resident appointment)
- Race and Equity Task Force (up to one non-City resident appointment)

Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

My lived experience as a first-generation Vietnamese American and 7+ years of professional experience as a federal employee and community organizer informs my passion for economic development and mobility. Serving on the Education Advisory Committee or the Code Compliance Advisory Committee gives me the opportunity to serve my community. As a resident of Hyattsville since 2019, I am aware of the diversity and the growth that the city is experiencing. I'm excited to learn more about the city and be part of making the city a better place for residents, through the Education Advisory Committee. My experience at the U.S. Department of Agriculture (USDA) and Labor (DOL) provides an understanding of how federal agencies administer and enforce mandatory and discretionary social assistance programs. These skills allow me to be effective when reviewing grant applicants or assessing code compliance. Most of my work has been at a federal level so I'm eager for an opportunity to see how city government works. Most recently, I was a contractor for the City of Boston where I helped the city assess its youth work-based learning ecosystem by conducting 27+ interviews with key stakeholders. I also designed an implementation plan for the City of Boston, Office of Youth & Employment Opportunities to help the city provide 1,000 Boston Public School students with quality career pathway support. I know that this experience would allow me to make valuable contributions to the Education Advisory Committee.
