 - Focus on 3–4 priority discussion questions per table
- **2:25 – 2:30 PM | Wrap-Up & Next Steps**
 - Summarize key points and discuss opportunities for continued collaboration

Discussion Questions

1. How are students' perspectives being included in the EAC's decision-making process, and what strategies can ensure their voices are effectively represented by both the EAC and the City?
2. How does the EAC identify key areas of concern for students within the education system, and how can the YAC provide insights to better address the diverse needs of students?
3. How can the YAC and EAC collaborate to improve students' learning environments and overall educational experiences?
4. In what ways can both councils work together to develop programs or events that foster dialogue between students and educators?
5. How can the YAC and EAC leverage their networks to create awareness and advocate for educational policies that benefit students?
6. How can both councils jointly address critical student issues such as mental health, inclusivity, and access to resources?
7. What mechanisms can be established to ensure ongoing communication and sharing of ideas, updates, and best practices between the YAC and EAC?
