## Notice of Public Hearing

The City of Hyattsville Mayor and Council will conduct a Public Hearing on Monday, March 1, 2021 at 6:30 p.m. (prior to the City Council Meeting). The purpose of the Public Hearing is to allow residents to comment on a petition for the implementation of traffic calming device(s) for the 3900 block of Oliver Street.

The Mayor and Council will announce their decision to approve, approve with modifications, or deny the requested traffic calming device(s) within fifteen (15) days of the close of the hearing, unless, due to extraordinary circumstances, the time limit is extended by a majority vote of the City Council. The petitioners will be notified of the decision of the Mayor and City Council by the City Clerk and the decision will be published in the Hyattsville Public Hearing Minutes.

The Public Hearing will be held virtually and can be accessed through the following link: [https://zoom.us/webinar/register/WN\\_v4plUZusR-SngmWwtuy5sg](https://zoom.us/webinar/register/WN_v4plUZusR-SngmWwtuy5sg)

**Item Title:**

**Traffic Calming Petition - Oliver Street**

**Suggested Action:**

Presentation to Council on proposed traffic calming - 3900 block of Oliver Street

**Summary Background:**

In November, the City received a petition for traffic calming devices for the 3900 block of Oliver Street. The petition was validated by the City Clerk's office to meet the required 60% signature threshold. Council scheduled a public hearing in March. The intent of the public hearing is to provide residents an opportunity to share comments in the support or opposition of traffic calming measures.

City staff is conducting a traffic study of the location to determine if traffic calming device(s) are in the interests of best traffic engineering practices and public safety. Initial feedback will be shared with the community at the public hearing on March 1, 2021.

**Next Steps:**

Staff will complete the evaluation and provide Council with a coordinated recommendation from Police and the Department of Public Works (DPW) on March 15, 2021. Evaluation, design, and construction of any recommended traffic calming may take six (6) months to several years, depending on the scope and cost of street improvements and traffic mitigation.

Per City Code, the Mayor and Council will announce their decision to approve, approve with modifications, or deny the requested traffic calming devices within 15 days of the close of the hearing unless, due to extraordinary circumstances, the time limit is extended by a majority vote of the City Council. In accordance with this provision, the Council is scheduled to take action on these petitions on March 15, 2021.

**Fiscal Impact:**

Dependent on staff evaluation and project costs

**City Administrator Comments:**

Recommend approval.

**Community Engagement:**

Community meetings scheduled for review of staff recommendations.

**Strategic Goals:**

Goal 3 - Promote a Safe and Vibrant Community

**Legal Review Required?**

# PETITION TO THE CITY OF HYATTSVILLE

## Petition Summary & Background Information:

(Please print, attach additional sheets as needed)

Cars routinely speed upwards of 50 mph coming in from Queens Chapel Road or heading toward it. Numerous families with small children live on the street, and parents are afraid for their safety with the reckless drivers using it as a cut-through or drag-racing lane. (25 children live between these streets)
