Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

I have a passion for shaping sustainable learning environments and community spaces that focus on the people who use them. I am an accredited learning environment planner and school designer working for a local architecture firm that specializes in K12 facilities. I have worked on a number of school facilities in many counties across the state, including Prince George's. I have been a resident of Hyattsville for the last 14 years and graduated from the PGCPSS school system. I have two children currently enrolled at Hyattsville Elementary and am an active volunteer on the PTA. I look forward to doing what I can to help ensure that all Hyattsville educational facilities are future ready and give our community's kids the best chances for future success.

Question applies to Educational Facilities Task Force

The Educational Facilities Task Force will make recommendations to the City Council to ensure the County addresses local school infrastructure needs. We are specifically seeking individuals with expertise in one or more of the following areas: Hyattsville area public school operational needs and landscape, architecture, land use/acquisition, urban planning, and PGCPSS policies and procedures. Please describe how your skills and experience will assist the Task Force in making these recommendations.

My experience as a school designer has given me insights into operations, site design/landscaping, school building programming, school facility design, and exposure to future-ready schools across the country. I hope this and my experience as a learning environment planner can help the Task Force make well-informed recommendations regarding our local facilities and their needs.
