

PETITION TO THE CITY OF HYATTSVILLE FOR A TRAFFIC CALMING DEVICE

Petition Summary & Background Information:

(Please print, attach additional sheets as needed)

Several neighbors on the 3500 block of Longfellow have observed multiple instances of speeding, cars turning into the street despite it being a one-way, and unsafe situations to turn right and left onto Queens Chapel road. We request the city to look into traffic calming alternatives to make our street safer.

PETITION TO THE CITY OF HYATTSVILLE FOR A TRAFFIC CALMING DEVICE

[illegible]

PETITION TO THE CITY OF HYATTSVILLE FOR A TRAFFIC CALMING DEVICE

Petition Summary & Background Information:

(Please print, attach additional sheets as needed)

This is a petition to reduce the impact of cut-through traffic on the 3500 block of Longfellow Street.

Drivers frequently use longfellow as an alternative route when navigating traffic between Hamilton Street and Queens Chapel Road.

School buses, trucks speed and side-swing cars.

Action petitioned for:

(Please print)

Traffic analysis and proposition of road infracture to combat cut-through traffic
