Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

Hello, my name is Michael Angeloni and I live in the Riverfront at West Hyattsville Townhome community. My husband and I moved to Hyattsville in July. Though I am new to the area I have a strong passion for public service and believe my background in community service and various issue areas can be of service on a Commission or Committee. I am applying to be on either the Education Advisory Committee or the Redistricting Commission, or both. In regards to the education committee, I have been an advocate for quality education for many years now and have many educators in my family. Also, as someone living with a disability myself, I have a keen interest in improving our special education systems and services to help ensure that every student living with a disability has access to a quality education. Finally, during my time in Arlington County, where I was living until I moved to Hyattsville, I was a member of the County School Health Advisory Board as well as the County Disability Advisory Commission. I believe these experiences would make me an excellent fit for this Committee. I am also applying to be on the redistricting commission - I want to help ensure that every citizen of Hyattsville has a voice and that everyone has the ability to elect the candidate of their choosing and that no one group of people is disenfranchised in regard to voting based on their zip code. Thank you and I hope to be able to serve the people of this wonderful community my husband and I now call home through one or both of these commissions and committees.

Please answer the following demographic questions. The City of Hyattsville is committed to appointing dedicated, diverse, individuals to these Committees to achieve membership with residents of all ages, interests, and backgrounds. Although these questions are not required for the completion of this application and the data collected is not factored into acceptance to advisory boards and committees, it is useful for the city for the purpose of measuring outcomes. This information is for internal use only and the data is not shared publicly.
