PETITION TO THE CITY OF HYATTSVILLE

Re: King Park Renovation

Date: February 2023

City of Hyattsville

We, the undersigned, respectfully request that the plans for the improvements to KING PARK at 4205 Gallatin Street retain the open green space and character of the space as a PARK rather than expanding and/or relocating PLAYGROUND equipment. As residents of Hyattsville in the park neighborhood, we understand that there are drainage and other issues surrounding changes in the park, and while we applaud improvements, we:

- value the multi-use nature of the current, traditional green space, recognizing it is a tiny park that serves both toddlers and adult residents, many of whom are seniors;
- do not wish that the play equipment be either expanded nor repositioned to the center for a variety of reasons that were communicated in the planning sessions;
- recommend that the landscaping includes trees and other plantings and features that provide shade and might amend the sound bounce from the Masonic Hall's brick wall.

**PETITION TO THE CITY OF HYATTSVILLE**

**Re: King Park Renovation**

**Date: February 2023**

We, the undersigned, respectfully request that the plans for the improvements to **KING PARK at 4205 Gallatin Street** retain the open green space and character of the space as a **PARK** rather than expanding and/or relocating **PLAYGROUND** equipment. As residents of Hyattsville in the park neighborhood, we understand that there are drainage and other issues surrounding changes in the park, and while we applaud improvements, we:

- value the multi-use nature of the current, traditional green space, recognizing it is a tiny park that serves both toddlers and adult residents, many of whom are seniors;
- do not wish that the play equipment be either expanded nor repositioned to the center for a variety of reasons that were communicated in the planning sessions;
- recommend that the landscaping includes trees and other plantings and features that provide shade and might amend the sound bounce from the Masonic Hall's brick wall.
