[Draft-Prince Georges County Renewal Franchise - 2022 City of Hyattsville](#)

City Clerk Laura Reams gave the background of the current Comcast franchise agreement and the process of adopting the ordinance needed to renew the contract. She introduced attorney Suellen Furgeson who negotiated the terms of the renewal on behalf of Prince George's County municipalities.

Attorney Suellen Furgeson provided the details of the proposed Comcast renewal and agreement.

Councilmember Rommel Sandino joined the meeting at 7:03 p.m.

Councilmember Waszczak asked if this agreement affects the internet at the City Building.

Ms. Furgeson explained the revenue received from the franchise fee and the Public, Education, and Government (PEG) funds. She further clarified that the revenue comes directly from cable service not internet service.

Council President Solomon asked if there was a future option to receive funds from internet service. He also asked for clarification around the ability of providing free internet to the public via I-net.

Ms. Furgeson replied that currently is not an option and cannot speculate on what might happen in the future. Director of Community Services Sandra Shepherd replied that the Youth Advisory Committee has members from 14 to 21 years of age.

Councilmember Waszczak expressed her desire to see more frequent payments and alternate ways to provide the stipend that do not require a social security number.

Councilmember Sandino asked if there was a way to make sure that members are automatically enrolled in the program. He asked if the enrollment process could be part of the application process to increase participation in the program.

Ms. Reams replied that those processes could happen at the same time, and emphasized that the City would still require a W-9 to be submitted.

Councilmember McClellan asked how \$40 was determined as the stipend amount and if there was an option for variability in payment amounts based on need. He expressed his desire to get feedback from participants in the stipend program to learn the impact the stipend is having.

Ms. Reams replied that the \$40 was determined based on research of stipend programs in other municipalities.

Councilmember Haba asked about the tax implications of the stipend for committee members.

Ms. Reams and City Treasurer Ron Brooks indicated that the \$600 per year limit per person may mitigate tax liabilities, but that every committee member should seek out professional tax advice when determining personal tax liabilities as it relates to receiving stipends.

Mayor Croslin expressed his concern that term-limiting committee members can have a negative effect on committees with low participation.

Mr. Romero described the amount of parking for each unit and recognized the parking issue that may arise with visiting guests.

Councilmember Denes asked about the potential use of pervious pavers as a greener approach to mitigate water runoff issues.

Mr. Romero explained that the semi-pervious pavers are still considered coverage by the County, and added that semi-pervious pavers had not been considered for this project.

Mayor Croslin asked about the possibility of a different connection point of the alley and 40th Place.

Mr. Rivera responded that the issue was evaluated and the current placement was the best option.

Councilmember Waszczak asked for information about the watershed and flooding issues and if the development has planned for 100 year and 1,000 year floods.

Mr. Rivera responded that the flooding issues will be improved by the development and is subject to planning for a 100 year flood but not a 1,000 year flood.

Councilmember Waszczak stated that the property as designed is subject to problems from a 1,000 year flood and asked who is responsible for clearing debris from a road if were to be closed due to flooding.

Mr. Rivera responded that the streets are owned by the City so it would be the City's responsibility to

clear them.

Council President Solomon read the motion and inserted "Council Requests Option B" into the motion language. It was seconded by Councilmember Strab.

Council President Solomon thanked City staff and the commission for their work during the process. He expressed his support for the Council Requests Option B map.

Staff Liaison to the Redistricting Commission Cindy Zork presented the details of the three proposed maps, Growth Conscious Map V4, Council Requests Option A, and Council Requests Option B.

City Clerk Laura Reams detailed the process and timeline moving forward after a map is chosen.

Redistricting Commission chair Andrew Sayer gave an overview of the process that the commission undertook to create the maps. He stated that while all three maps each have their own merits, the commission recommends the Growth Conscious Map V4 because it takes into account future growth in the City.

Councilmember Denes stated his view that the manner in which the elected officials inserted themselves into the process to create the Council Requests maps is gerrymandering. He added that he believes that the Council Members were well intentioned, but that appearance and process matters. He stated his preference for the Growth Conscious Map V4 because it will result in fewer changes in the future and because the process used to create that map was not political.

Council President Solomon stated that he did not see politics played by any Council Member in the process and that there has been transparency throughout. He explained that the Council did not introduce a map, but rather the Council made slight modifications to a map that was presented to the Council.

Councilmember Peabody expressed his support for the Growth Conscious V4 map. He asked for more information about the use of the sector plan by the commission and the impact on the Ward 1 and Ward 2 communities by adjusting the ward boundary to 42nd Avenue.

Mr. Sayer explained the commission's process around drawing the maps with consideration to the sector plan.

Redistricting commission member Carter Ross added that the Council Request Maps, that adhere closer to the sector plan, grows the population of Ward 5 more than the Growth Conscious Map V4. As a result, the Council Request Maps do not take into account the known future population growth in Ward 5 that is accounted for in the Growth Conscious Map V4.

Councilmember Denes, in response to Councilmember Peabody, replied that each boundary option between Ward 1 and Ward 2 has benefits and drawbacks. He added that the way the Council Requests maps were created does not feel right and he does not feel comfortable with the process used to create them.

Council Vice-President Schaible expressed his preference for the Growth Conscious Map V4, but also his desire that a map be chosen by the Council at the current meeting. He asked if there was a manner in which a preliminary vote could be taken to avoid the scenario that happened at the last meeting where no map was selected.

Ms. Reams replied that straw polls have been used in the past in such instances.

Councilmember Waszczak expressed her understanding of Councilmember Dene's viewpoint. Ms. Waszczak also expressed that she does not believe the public engagement process was as robust as she would have liked. She added that she would be in favor of either map but would like to know the City's Race and Equity Officer opinions of the maps.

Ms. Zork responded that the Race and Equity Officer provided the commission with a framework to build maps but did not offer specific feedback on each map.

Councilmember Strab stated her appreciation for the work done by the commission and her preference for Council Requests Map B.

Councilmember Haba stated that regardless of the map chosen, the boundaries will shift again in 10 years, so he does not have a strong preference between the maps.

Mayor Croslin asked if there was desire to take a straw poll.

Council President Solomon stated that the motion on the floor must be voted on first before a straw poll is taken.

Council Vice-President Schaible and Councilmember Waszczak stated their preference for taking a straw poll.

Ms. Reams stated that if the motion maker withdrew the motion, then the body could proceed with the straw poll.

Mayor Croslin asked Council President Solomon what he would like to do.

Council President Solomon stated he would like to take the vote on the motion.

A roll call vote was taken on the motion.

A motion was made by Council President Solomon, seconded by Councilmember Strab, that this agenda item be Approved. The motion carried by the following vote:

Aye: Croslin, Solomon, Waszczak, Haba, Sandino, and Strab

Nay: Schaible, Denes, McClellan, and Peabody

Absent: Simasek

14. Council Dialogue (10:00 p.m. - 10:10 p.m.)

15. Motion to Adjourn

The meeting adjourned at 10:15 p.m.

A motion was made by Councilmember Haba, seconded by Councilmember Waszczak, that the meeting be adjourned. The motion carried by the following vote:
