Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

I have been a resident of Hyattsville for 3 years and would like to be part of a community process that encourages the equitable and inclusive growth of this diverse city. I am currently an environmental and social impact consultant with a focus on inclusive and equitable growth of cities. My educational background is in social anthropology (bachelor of science) where I have focused on issues of identity and belonging at a community level and I also have a PhD in urban studies where I have extensive expertise in urban growth, gentrification patterns and community engagement, specifically in towns with a strong historic identity. I have also lived and worked in internationally diverse cities and I would welcome the opportunity to engage in the Hyattsville Equity and Task Force's goal of creating an inclusive community and the development of its equity plan.
