Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

I want to get involve with my community by ensuring compliance with The Office of Code Compliance Advisory or serving on the Education Advisory Committee. I am a law-abiding citizen who actively seeks to be involved with making social change no matter what scale it's on. My core competencies and abilities are to hold self and others accountable for measurable high-quality performance, outputs over inputs, and effective time management. I have a master's in social public policy because I am concerned with the ways societies across the world meet human needs for security, education, work, health, and wellbeing. I take my job seriously, whether it is coordinating, organizing, delegating, or measuring operational efficiency to increase a desired workflow – with enthusiasm, diligence, and positivity. As a skilled organized management professional with proven creative vision, and project management skills in agile and design thinking methodologies, I know that I am a good fit to be of service in Compliance department.
