Please provide a brief background statement including why you want to serve on the committee/s for which you are applying. This statement may be posted on the City's website.

Hyattsville's children deserve to have their needs addressed in county wide decisions. Joining this task force is one way to ensure their needs are considered.

Question applies to Educational Facilities Task Force

The Educational Facilities Task Force will make recommendations to the City Council to ensure the County addresses local school infrastructure needs. We are specifically seeking individuals with expertise in one or more of the following areas: Hyattsville area public school operational needs and landscape, architecture, land use/acquisition, urban planning, and PGCPs policies and procedures. Please describe how your skills and experience will assist the Task Force in making these recommendations.

I'm a parent of a child attending HES. While getting them into the school system I've become more aware of PGCPs policies & procedures. My professional experience is in writing and enforcing hazardous materials regulations & policy.
