**2. Pledge of Allegiance to the Flag****3. Approval of Agenda**

A motion was made by Council President Croslin, seconded by Council Member Solomon, that this agenda item be Approved. The motion carried by the following vote:

<b>Aye:</b>	Ward, Croslin, Schaible, Denes, Waszczak, Simasek, McClellan, Peabody, Solomon, and Sandino
-------------	---

**Absent:** Haba

**4. Public Comment (7:10 p.m. – 7:20 p.m.) Complete Speaker Card, Limit 2 minutes per speaker**

-Mr. Marshall: I have a few items I would like to comment on from tonight's agenda. I am supportive of tonight's staff recognition, and this has been a long time coming. Secondly regarding item HCC-113-FY22, when you get to this can someone, please explain what an environmental depot is and how it will serve the city? Additionally, I am opposed to the Ward 2 discretionary funds that are being proposed to be used for the refugees. Lastly, HCC-125-FY22 - Gas leaf Blower proposal. I think this is a terrible use of city funds. It should not be the Council's position to invest tax dollars in this program.

-Mr. Greg Smith: I sent an email earlier today summarizing the Countywide mapping services. We have raised concerns about the rollout of this map, and we are asking for a second hearing after reviewing the records.

**5. City Administrator Update (7:20 p.m. - 7:35 p.m.)**

City Administrator Tracey Douglas updated the Mayor and Council on City related news and events.

**6. Recognition of Excellence in Service: Kate Powers, Lieutenant Colonel Scott Dunklee, and Cheri Everhart (7:35 p.m. - 7:45 p.m.)**

City Clerk Laura Reams read the certificates of appreciation for Cheri Everhart and Lt. Colonel Scott Dunklee.

**7. Presentations (7:45 p.m. - 8:30 p.m.)**

**7.a) Healthy Trees Hyattsville**[HCC-117-FY22](#)

Hyattsville Manager of Environmental Programs Dawn Taft, presented on Healthy Trees Hyattsville. This program will assist residents with Tree Care for the pruning and removal of trees. Other areas of the project will contain Stormwater Management/Education for tree care on private and City property including leaf programs, raincheck rebates, rain barrels, master watershed steward sponsorship, and mosquito control program.

Councilmember Danny Schaible asked about citizen assistance with tree removal. Ms. Taft replied that the City is seeking grant funding for pruning, tree care, etc.

Councilmember Solomon asked about the implementation timeline. Ms. Taft responded that the City is looking to fund the next few years with the budget until grant funding becomes available. There will be a need to bring the program back for Council approval and request funding in the FY23 budget.

Councilmember Ben Simasek asked what the plan for the outreach to the community is as a lot of folks may not be aware of the tree removal process. He also inquired if there is a plan for proactive tree removal and care. Ms. Taft replied that the intention is to work with City Clerk Reams to get the information out to the public.

**7.b) Hyattsville Watershed Implementation Plan**[HCC-118-FY22](#)

Mr. Bobby Gilbane with Gilbane Development presented the 1st phase design which will include 299 housing units with a little less than 3000 square foot commercial space. This project is adjacent to the metro and accessible to downtown stores.

Councilmember Sandino expressed concern with the flow of traffic on Lancer and Little Branch Run and asked if part of this plan would include a traffic flow study. Mr. Gilbane responded that a preliminary plan was just completed to include a traffic study for the Planning Board. He added that the roadway is designed to run along the roadway of these properties. The design of the road is to accommodate this development.

Councilmember Denes asked the developer to consider electric vehicle charging stations for parking garages. He mentioned there were around 300 parking spots and 34 bicycle parking spots, and feels the bicycle parking will be insufficient since it is located next to the biking trail. He would like to see some additional bike parking. His last concern is that there are only 13 storage units for the apartments. Mr. Gilbane responded that additional bike parking could be accommodated. He added that there are ongoing conversations with Amazon regarding affordable housing in the area.

Councilmember Solomon continued the conversation with parking. Residents are expressing concern with subleasing of rooms in the adjacent community, and it has created a parking issue. He also brought up the issue of individuals driving to the metro and parking in the neighborhood. He asked if there is a precedent to introduce parking zones such as residential with this project. Mr. Gilbane spoke about working with the City to alleviate parking concerns.

Councilmember Simasek expressed his concerns about the wetlands area, the culvert on the project will take on runoff from nearby properties. He would like to know if there is a process that will drain the culvert quickly, to prevent standing water. Mr. Gilbane expressed that he shares the same concern and will be working with permitting to make sure it is done correctly.

Council Vice-President Schaible is excited about this project and the possibility of affordable housing with this project. He is concerned about the parking and the sub-letting in the adjacent neighborhood. He is concerned there is 1 parking space per unit. Mr. Gilbane responded by saying that they have used data and research from other Metro locations to determine the appropriate amount of parking. He stated that there will be a second phase of this project where additional parking could be discussed.

Councilmember Waszczak requested to know the percentage of affordable housing this project will cover. Mr. Gilbane expressed willingness to incorporate affordable housing if feasible.

Council President Croslin asked if the City of Hyattsville will own and maintain the streets in this

project? Mr. Gilbane responded that the City will own 90% of the roads when the project is completed.

Councilmember Solomon asked about the addition of a traffic signal at Lancer and Ager. Mr. Tom Haller replied that a study was done on that intersection and it was determined that no signal was needed. Councilmember Solomon asked for more outreach to the existing community that has concerns about the development. Mr. Gilbane said that a meeting in November is being scheduled with residents.

## **8. Consent Items (8:30 p.m. - 8:35 p.m.)**

Items listed on the Consent Agenda are considered routine in nature, and are approved in one motion. There will be no separate discussion of these items unless the Mayor/Council request specific items be removed from the Consent agenda for separate action.

A motion was made by Council President Croslin, seconded by Councilmember Solomon, to approve the Consent Agenda. The motion carried by the following vote:

Council Vice-President Schaible gave an overview of the proposed ban on the gas-powered leaf blowers. This ban models the District of Columbia ban of gas-powered leaf blowers. Mr. Schaible has updated the schedule of implementation and included information regarding the rebate and enforcement.

Councilmember Denes asked if this could be enforced against other organizations or government agencies operating inside Hyattsville, such as schools. Council VP Schaible believes it can be, but would defer to the City Attorney.

Council President Croslin asked about enforcement. Council VP Schaible said that initial focus will be on contractors and he is open to considering including the rebate to businesses that service a percentage of Hyattsville residents.

Councilmember Peabody asked why not ban all gas powered engines used for landscaping. Council VP Schaible replied that gas powered leaf blowers have been a major focus of regional implementation as a start.

Councilmember Sandino asked about the overall cost to the City and the number of anticipated households that will be affected. Council VP Schaible replied that the estimate is 1 in 20 households.

Councilmember Waszczak expressed concern about the equity impact of the proposal and how this might be paired with other City initiatives.

Councilmember Solomon expressed support for aggressive public information and a more drawn out timeline or phases for the rebate.

Council VP Schaible mentioned that University Park just passed their motion and their ban would go into effect January 1, 2023. He agreed with having a robust communications plan.

Councilmember Denes suggested robust outreach and an intentional rollout.
