Submitted by: Council Vice-President Waszczak
Submitting Department: Legislative
Agenda Section: Action

Item Title:

Youth Advisory Council Recommendation: Letter to Prince George's County Health Department and Prince George's County Public School District

Suggested Action:

I move the City Council authorize the Mayor to send correspondence to the Prince George's County Health Department and the Prince George's County Public School District requesting harm reduction education be added to the County's Health 2 Curriculum and allow individuals below the age of 18 to receive NARCAN training and kits.

Summary Background:

The Youth Advisory Council (YAC) identified this gap in County policy and has been actively working with staff liaisons, Council liaisons, and others on City staff to address this problem. The YAC asks the Council to send a letter urging a change in County curriculum and policy in order to help save more lives. The background attachment includes a letter from the YAC asking for the Council's support in this matter.

Next Steps:

Send correspondence upon approval.

Fiscal Impact:

N/A
